

PMI® Gear Daisy Webbing and Cordage | Sewn Webbing

Constructed of 3/4 " (19.5 mm) Tubular Webbing, this multi-loop daisy chain helps organize your rigging gear. While not rated for life safety, each loop on our gear daisy will hold 2 kN (450 lbf) because of the "double back" construction.

Key Features

- Single length of webbing
- Made from 3/4" (19.05 mm) tubular webbing
- Hand loop at one end
- 3 ft. Length with 9 Gear Loops - 3.2 oz. (91 g)
- Organize your gear
- 4 ft. Length with 13 Gear Loops - 6.4 oz (181 g)
