PRO POOL SERIES LIFTS

Affordable home and commercial pool and spa access. The Pro Series features a low profile design ideal for smaller pools & spas.

MIGHTY SERIES LIFTS

Able to rotate 360 degrees in either direction, providing versatility and accessibility. Designed to be self-operated by the individual user.

SPA SERIES LIFTS

Fully powered, ADA compliant lifts designed especially to provide access to elevated pools & spas. Capable of clearing up to 68 inches.

EZ SERIES LIFTS

The EZ lifts are an affordable series of lifts both manually & battery operated designed for residential use. These lifts are great for both in and above ground pools. Also great as a boat access lift!

AQUATIC WHEELCHAIRS

Providing access for pools with ramps or sloped entries, these stainless steel or exceptionally strong PVC chairs make your access easier than ever.

EXERCISE & TRAINING

Home and gym fitness machines, aquatic exercise equipment, platforms, and walkers designed to provide stability and security. Versatile products that are great for beginning swimmers, aqua therapy patients, and individuals looking for a low impact way to get fit.

PVC PRODUCTS

Lightweight, all-terrain beach chair allows access to sand, snow, and other soft soils. Sturdy PVC chairs designed to provide easy access to facility showers and commodes.

THE BUBBA II

Repair your multi-port pool filter valves quickly, easily, and safely with the Bubba II.

RANGER 2

U.S. Patent Nos.
7,249,386 B2 & D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Pro Pool Series, Ranger™ 2 lift is very affordable and is the perfect choice for most in-ground pools or spas. The Ranger™ 2 can be found in hundreds of hotels and motels as well as backyard pools throughout the globe. This is a unique, non-rotating lift that also provides a low profile and small footprint making it an incredibly solid, durable, and reliable product that blends in with almost any décor. Users access their pools sitting in the seat parallel to the lift and side of their pool in a single out-and-down motion. This seating position, and the smooth motion into the pool, gives the user a greater feeling of security.

FEATURES:

- 350 lb (159 kg) weight capacity
- Non-rotating, field reversible design
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete, wood, and paver decks
- Adjustable height seat
- Solar charging station extends battery life
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Transport cart to easily store lift away from pool or spa
- Cycle attachment to convert to an exercise bike

ACCENT COLORS:

ADMIRAL

U.S. Patent Nos.
7,249,386 B2 & D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Pro Pool Series, Admiral™ lift is an incredibly strong and durable lift for in-ground pools and spas. The Admiral™, like its sister model, the Ranger™ 2, is a unique, non-rotating lift that also provides a low profile and small footprint. These features make it an incredibly solid and reliable product that blends in with almost any décor. The 450-pound (204 kg) weight capacity of this lift provides pool access to an even greater number of swimmers of all abilities. People transferring from taller wheelchairs will find the adjustable seat height feature of the Admiral to be a more useful option.

FEATURES:

- 450 lb (204 kg) weight capacity
- Non-rotating, field reversible design
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete, wood, and paver decks
- Solar charging station extends battery life
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Transport cart to easily store lift away from pool or spa
- Cycle attachment to convert to an exercise bike

AMBASSADOR

U.S. Patent Nos.
7,249,386 B2 & D507,769 S

ABOUT:

The ADA Compliant, Pro Pool Series, Ambassador Lift is an affordable Pro Pool style lift that can also clear small curbs up to 10-inches high. The lift is a great choice for some raised perimeter pools and spas. Like the other Pro Pool Series Lifts, the low profile and small footprint make this lift easily blend into most any décor. Like the name suggests, the Ambassador is a safe, reliable, and effective promoter of pool access for people of all abilities.

FEATURES:

- 300 lb (136 kg) weight capacity
- Non-rotating design
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Reversed versions available at time of order
- Anchoring kits for concrete and paver decks
- Solar charging station extends battery life
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Transport cart to easily store lift away from pool or spa
- Cycle attachment to convert to an exercise bike

PORTABLE PRO POOL 2

U.S. Patent No.
D507,769 S

ABOUT:

The Pro Pool Series, Portable Pro 2 lift is an affordable portable lift that provides access to residential in-ground pools and spas. The design of the lift is reflective of the Ranger™ 2 and Admiral™ Lifts and provides for a safe, smooth, and steady out and down operation into the pool. No anchor is needed; the lift is well balanced and when tipped back for transport, it is easily rolled along the pool deck to wherever you may need it.

FEATURES:

- 350 lb (159 kg) weight capacity
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Sand ballast counter-weight (sand not included)
- Concrete weight plate counter weight (weights supplied)
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Cycle attachment to convert to an exercise bike

SCOUT EXCEL

U.S. Patent Nos.
7,249,386 B2 & D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Revolution Series, Scout Excel is an ideal choice for in-ground and partially raised pools and spas. The improved design of the Scout Excel incorporates a whisper quiet rotation base with the trusted and robust lifting design of its predecessor, the Scout 2. This rotation base gives you more freedom to set the lift further back from the edge of your pool. Combined with the standard adjustable seat height and a full 360° rotation capability in either direction, the Scout Excel allows you to service some partially recessed pools and spas with curbs or walls up to 26-inches high. The Scout Excel accomplishes all of this while providing a clean, sleek look.

FEATURES:

- 375 lb (170 kg) weight capacity
- Whisper quiet 360 degree rotation
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete, wood, and paver decks
- Anchor adapters for many existing pool deck anchors
- Solar charging station extends battery life
- Sling seat option
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Rescue spine board option
- Transport cart to easily store lift away from pool or spa
- Cycle attachment to convert to an exercise bike

MIGHTY VOYAGER

U.S. Patent No.
D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Mighty Voyager lift is an affordable, portable lift that provides access to in-ground and some partially raised pools and spas with curbs or walls up to 10-inches high. The low profile design makes this lift easily blend in at any pool. Being portable, the lift can easily be rolled on its large 6-inch rubber casters to be stored away from the pool without the need for a separate transport cart. The large 15-inch square opening in the ballast cover allows for easy filling and removal of the sand counter-weight through use of a vacuum or bucket if necessary. This lift comes complete with an ADA fixing anchor to meet U.S. Federal ADA regulations.

FEATURES:

- 325 lb (147 kg) weight capacity
- Whisper quiet 255 degree rotation
- Adjustable seat height
- Sand ballast counter weight (sand not included)
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Sling seat option
- Rescue spine board option
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Cycle attachment to convert to an exercise bike

MIGHTY 400

U.S. Patent No. D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Mighty 400 pool lift is an entirely new way to look at pool lifts. The unique patented design combines the sturdiness of the Pro Pool Series lifts with the versatility of our Revolution series lifts. By itself, the lift is ideal for in-ground pool and spa applications but with the addition of any of the available pedestal options, the lift can clear up to 48-inch high walls. The Mighty has the longest reach of any of our lifts and can reach out across the pool deck by as much as 44-inches. Whisper quiet and simple push button operation make this lift incredibly easy and enjoyable to operate.

FEATURES:

- 400 lb (181 kg) weight capacity
- Whisper quiet 360 degree rotation
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete and paver decks
- Anchor adapters for many existing pool deck anchors
- Anchor pedestal options for raised pool and spa applications
- Solar charging station extends battery life
- Sling seat option
- Protective cover (color & material options available)
- Chest strap for additional upper body support
- Headrest for comfortable head support
- Pull-out leg rest for spa use (color options available)
- Rescue spine board option
- Transport cart to easily store lift away from pool or spa (not for use with pedestals)
- Cycle attachment to convert to an exercise bike

MIGHTY 600

U.S. Patent No.
D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Mighty 600 pool lift is our strongest lift. Like its sister lift, the Mighty 400, the unique patented design provides for a very safe, durable, and reliable lift. Ideal for in-ground pool and spa applications or with the addition of any of the available pedestal options, the Mighty 600 is also a great choice for raised pools and spas. The long reach and heavy weight capacity make this lift a powerhouse and able to accommodate almost any type of user.

FEATURES:

- 600 lb (272 kg) weight capacity
- Wider 22" seat for comfort
- Whisper quiet 360 degree rotation
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

ACCENT COLORS:

REVOLUTION

U.S. Patent No. D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Revolution Lift is an incredibly robust and versatile lift that has withstood the test of time. Introduced over a decade ago, the Revolution lift is specified on many commercial projects and is still one of the best selling lifts in our lineup. The higher weight capacity, adjustable seat height, and wider seat gives access to so many additional users and the design is very reminiscent of other lift designs lending an air of familiarity to the user. The Revolution can be used in a variety of pool and spa applications from in-ground pools and spas to back yard hot tubs with walls up to 40 inches high.

FEATURES:

- 500 lb (226 kg) weight capacity
- Wider 22" seat for comfort
- 360 degree rotation
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier mostly assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete, and paver decks
- Solar charging station extends battery life
- Sling seat option
- Protective cover (color & material options available)
- Chest strap for additional upper body support

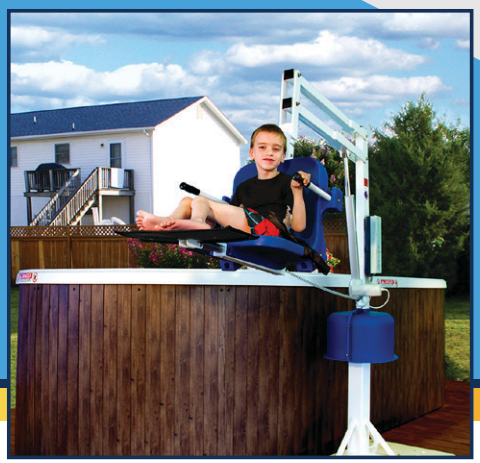
SPA LIFT ELITE(68)

U.S. Patent No.
D507,769 S



ABOUT:

The ADA Compliant, UL Certified, Spa Elite™ Lift was designed to provide access to raised pools and spas with walls from 21 inches to 68 inches high. This makes the Spa Elite™ an ideal solution for access to back yard hot tubs and even the newer, taller, swim spas! Whether your hot water needs are fitness, rehabilitation, or simply relaxation, the Spa Elite™ is the assistant you need.

FEATURES:

- 300 lb (136 kg) weight capacity
- 360 degree rotation
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty

SPA LIFT ULTRA(51)

U.S. Patent No. D507,769 S

ABOUT:

The ADA Compliant, UL Certified, Spa Ultra™ Lift was designed to provide access to raised pools and spas with walls from 21-inches to 51-inches high. With the Spa Ultra's™ full 360 degree rotation and smooth push button operation, it is a perfect choice for your back yard hot tub or swimming pool. The heavier weight capacity gives more options to greater numbers of users. Enjoy your hot tub or above ground swimming pool more with this strong and reliable lift.

FEATURES:

- 400 lb (181 kg) weight capacity
- 360 degree rotation
- Adjustable seat height
- Flip-up armrests
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty

EZ 2 & POWER EZ 2

CE Power EZ Version Only

EZ 2 Lift with optional surface mount anchor

Power EZ 2 Lift with optional surface mount anchor

ABOUT:

The EZ-2 & Power EZ-2 Pool Lifts are economically priced lifts that can provide safe and easy access to a wide array of pools & spas with wall heights of up to 20-inches. The EZ-2 & Power EZ-2 can even provide access to boats, lakes, and rivers when placed on some docks! The hydraulic lifting ram of the EZ-2 Lift is an effective device that can lift up to 400 pounds safely and easily. The Power EZ-2 utilizes our durable and reliable electronic actuators and equipment used on our other pool lifts. Both the EZ-2 and Power EZ-2 require assistance from others to operate.

FEATURES:

- 400 lb (181 kg) weight capacity
- 360 degree manual rotation
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty (Power EZ-2)
- Ships small parcel carrier, some assembly required
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete, wood, and paver decks
- Solar charging station extends battery life (Power EZ-2)
- Protective cover (color & material options available)
- Rigid seat option
- Various sling styles and sizes to choose from

SUPER POWER EZ

ABOUT:

The Super Power EZ Lift was designed as an economically priced lift to provide access to back yard pools and spas with wall heights of up to 58-inches. The Super Power EZ utilizes our durable and reliable electronic actuators and equipment used on our other pool lifts. The Super Power EZ Lift is a manually rotated lift and does require assistance from others. The rotation arm and unique anchor system aid in the easy rotation within the lifts anchor system.

FEATURES:

- 400 lb (181 kg) weight capacity
- 360 degree manual rotation
- All stainless steel construction
- Durable powder coat finish
- Five year limited structural warranty
- Five year pro-rated electronics warranty
- Ships common carrier, some assembly is required
- Made in the USA

OPTIONS/ACCESSORIES:

- Anchoring kits for concrete deck applications only

POOL ACCESS CHAIRS

*Actual product may vary from photos

*Actual product may vary from photos

ABOUT:

Aqua Creek's PVC pool access chairs are an economical choice for providing easier ADA access for sloped entries and ramps. The lightweight, durable construction makes these chairs an ideal solution for your facility. The PVC material is not only affordable and lightweight but resists corrosion. Our PVC pool access chairs are also great for use in locker rooms, showers, and other areas around your aquatic facility. Choose from three different sizes and rigid or mesh seat types.

FEATURES:

- 300 lb (136 kg) weight capacity (18-inch wide chairs)
- 350 lb (159 kg) weight capacity (21-inch wide chairs)
- 400 lb (181 kg) weight capacity (24-inch wide chairs)
- Swing out arm rests
- Anti-tip design
- Stainless steel hardware
- One year limited structural warranty
- Ships common carrier fully assembled
- Made in the USA

OPTIONS/ACCESSORIES:

- 18-inch wide (46 cm) rigid or mesh seat option* (28-1/4-inch (71-3/4 cm) wide overall)
- 21-inch (54 cm) wide rigid or mesh seat option* (31-1/2-inch (80 cm) wide overall)
- 24-inch (61 cm) wide mesh seat only (34-1/4-inch (87 cm) wide overall)
- Seat belt

ACCENT COLORS:

- These chairs are only available in white PVC
- Mesh color is blue
- * Rigid seat color may vary and is one size only (18"Wide x 21"Deep x 16"High) (46 cm Wide x 54 cm Deep x 41 cm High)

STAINLESS STEEL WHEELCHAIRS

*Actual product may vary from picture

ABOUT:

Aqua Creek's stainless steel pool access wheelchairs come in three different sizes; 18-inch, 20-inch, and 22-inch wide. The 18-inch and 20-inch wide chairs feature a folding design for easy storage while the non-folding 22-inch chair provides a solid frame capable of holding up to 500 pounds of weight. The chair's arms lift up and out of the way for easier transfers.

FEATURES:

- 350 lb (159 kg) weight capacity (18-inch wide chairs)
- 350 lb (159 kg) weight capacity (20-inch wide chairs)
- 500 lb (227 kg) weight capacity (22-inch wide chairs)
- Durable stainless steel construction
- Mildew resistant mesh seat
- Solid plastic, rear mag-style wheels
- 3-inch corrosion resistant swivel front casters
- Removable and foldable footrests
- One year limited warranty
- Ships small parcel carrier, some assembly required
- Imported

OPTIONS/ACCESSORIES:

- 18-inch (46 cm) wide seat (25-inches (64 cm) wide overall)
- 20-inch (51 cm) wide seat (27-inches (69 cm) wide overall)
- 22-inch (56 cm) wide seat (29-inches (74 cm) wide overall)
- Seat belt

ACCENT COLORS:

- These chairs are not available in colors

SOLAR CHARGING STATION

ABOUT:

Aqua Creek was the first and still the only pool lift manufacturer to offer solar charging capabilities for many of our lifts. These charging stations mount on your lift and provide a constant trickle-charge to the battery without the need to remove it. Once the battery reaches a full charge, the solar charging station shuts off until more charge is needed. This is a great product for use in outdoor environments that will save energy while maintaining and extending your battery life.

FEATURES:

- Safe, alternative energy source
- Easy to install
- Durable stainless steel construction
- One year limited warranty
- Ships small parcel carrier, some assembly required
- Made in the USA

OPTIONS/ACCESSORIES:

- For use with: Ranger, Ranger 2, Admiral, Ambassador, Scout 2, Scout Excel, Revolution, Titan, Mighty 400, Mighty 600, Mighty Voyager, Spa Elite, Spa Ultra, and Power EZ-2 Lifts.

ACCENT COLORS:

- Charging station frame can be powder coated to match your lift

TIDALWAVE POOL BIKE

*Actual product may vary from pictures

ABOUT:

The unusual design of the TidalWave pool bike combined with our unique flywheel feature offers an unrivaled physical and cardiovascular workout for either individual or group rehab or spin class applications. Pool deck acreage is limited in most aquatic facilities and our distinctive folding "X" design of the TidalWave provides storage capabilities for your facility that you simply can't get from typical pool bikes. The optional semi-recumbent seat option turns this bike into an incredible asset for aquatic rehabilitation facilities.

FEATURES:

- 300 lb (136 kg) weight capacity
- Ideal water depth 36-inches (0.9 m) to 60-inches (1.5 m)
- Weighs 50 lbs (22 kg)
- Adjustable seat & handle bars
- Stainless steel construction
- Durable 2-tone powder coat finish
- Three year limited structural warranty
- One year limited warranty on wear components
- Ships small parcel carrier, some assembly required
- Made in the USA

OPTIONS/ACCESSORIES:

- Semi-recumbent seat
- Sport style seat

WATER RIDER POOL BIKE

THE WATER RIDER 3

THE WATER RIDER 4

THE WATER RIDER 5

ABOUT:

The Water Rider Pool bikes offer a complete line of aquatic bikes suitable for almost any level of exercise, rehabilitation, or spin class. The uniquely designed, larger pedals provide additional resistance while both the Water Rider 4 and 5 offer tension and speed adjustments. The Water Rider 3 is a simple, fun, daily use pool bike designed to maintain your fitness and improve your cardiovascular functions. The Water Rider 4 offers a more intensive workout for moderate spin class or rehabilitation situations, while the Water Rider 5 is the ultimate spin bike suitable for heavy use in professional-style spin classes. With their unique, perforated, fast-draining frames, the Water Rider bikes are quickly and easily removed from the pool.

FEATURES:

- 330 lb (150 kg) weight capacity
- Ideal water depth 43-inches (1.1 m) to 59-inches (1.5 m)
- Product weight 41 lbs (18.5 kg) (Water Rider 3)
- Product weight 50 lbs (22 kg) (Water Rider 4)
- Product weight 51 lbs (22.9 kg) (Water Rider 5)
- Adjustable seat & handle bars
- Adjustable height for different pool depths
- Stainless steel construction
- Two year limited structural warranty
- Six month limited warranty on wear components
- Ships small parcel carrier, some assembly required
- Imported

OPTIONS/ACCESSORIES:

- Water Rider 3 fixed hydraulic resistance, general purpose aquatic spin bike
- Water Rider 4 adjustable hydraulic resistance, sport & rehab aquatic spin bike
- Water Rider 5 adjustable mechanical resistance, intensive sport aquatic spin bike
- Multi-training power bar attaches behind seat

ACCENT COLORS:

- Polished stainless with orange accent colors only. These bikes are not available in other colors.

AQUAJOGG TREADMILL

ABOUT:

The AquaJogg treadmill offers all the benefits of walking or running in the low impact atmosphere of an aquatic environment. The running surface rollers are supported with durable stainless steel bearings and it is suitable for use on all pool surfaces including vinyl liners. The folding design and 6 anti-scratch rollers make it easy to place into and lift out of the water by rolling it up and down the pool wall while allowing for easy movement on the pool deck.

FEATURES:

- 330 lb (150 kg) weight capacity
- Ideal water depth 35-inches (0.9 m) to 59-inches (1.5 m)
- Product weight 71 lbs (32 kg)
- Folding frame design
- Running surface 15-inches (38 cm) W x 46.5-inches (118 cm) L
- Running incline 13% (7.41 degrees)
- Stainless steel construction
- Two year limited structural warranty
- Six month limited warranty on wear components
- Ships common carrier mostly assembled
- Imported

ELLY POOL ELLIPTICAL

ABOUT:

The Elly elliptical machine combines the benefits of rowing, cross-country skiing, stepping, and cycling in one product and in the beneficial low impact quality of an aquatic atmosphere. The elliptical movement replicates the natural movement associated with running and the large perforated blades on the handles provide for additional resistance in the water. Get a great full body workout with the Elly pool elliptical machine.

FEATURES:

- 330 lb (150 kg) weight capacity
- Water depth 35-inches (0.9 m) to 59-inches (1.5 m)
- Product weight 57 lbs (26 kg)
- Perforated blades for resistance
- Stainless steel construction
- Two year limited structural warranty
- Six month limited warranty on wear components
- Ships common carrier mostly assembled
- Imported

WX-TRAMP PREMIUM

ABOUT:

The Aquatic Trampolines offer the ability to improve coordination, balance, and all around physical condition all in a fun and safe aquatic environment. While both trampolines offer excellent workout capabilities, the hexagonal trampoline can be easily stacked for quick and easy storage. For additional support often necessary for beginners, an optional balance rail is available.

FEATURES:

- 220 lb (100 kg) weight capacity
- Water depth 51-inches (1.3 m) to 59-inches (1.5 m)
- Product weight 14 lbs (6.3 kg)
- Honeycomb structure jumping mat
- Independent bungees for safety
- 6 suction pad stabilizers that work on any pool surface
- Stainless steel construction
- Two year limited structural warranty
- Six month limited warranty on wear components
- Ships small parcel carrier, some assembly is required
- Imported

OPTIONS/ACCESSORIES:

- Round trampoline
- Hexagonal trampoline
- Balance rail

SWIM TRAINING PLATFORM

Product may vary

ABOUT:

Aqua Creek's PVC swim training platform is an affordable, light-weight, well built, training tool for swim instructors. The platform gives a greater sense of security to young swimmers by providing a raised pool floor from which they can practice and learn. The durable, polypropylene decking is UV protected for use in the harshest outdoor environments, is barefoot friendly, and skid resistant.

OPTIONS/ACCESSORIES:

- Extended legs – 17.25-inches (44 cm) to 24.25-inches (62 cm) in 1-inch (2.5 cm) increments

ACCENT COLORS:

- This is only available in white PVC with tan decking

FEATURES:

- 300 lb (136 kg) weight capacity
- 30-inch by 60-inch grated polypropylene platform deck (76 cm x 153 cm)
- Adjustable height – 16.5-inches (42 cm) to 22.5-inches (57 cm) in 1-inch (2.5 cm) increments
- One year limited structural warranty
- Ships common carrier, some assembly is required
- Made in the USA

THE AQUA WALKER

ABOUT:

Aqua Creek's PVC Aqua Walker provides more security for those who are frailer or not as steady on their feet. The added safety the Aqua Walker provides allows people to enjoy the benefits of exercise in an aquatic environment to help build more strength and better balance. The height adjustability feature utilizes easy-to-manipulate snap-pins and adjusts the armrest height in 1-inch increments; from 34-inches to 48-inches. MRI compatible 3-1/2-inch casters eliminate metal parts so they are durable, corrosion resistant, and roll easily on most pool floors.

ACCENT COLORS:

- This is only available in white PVC

FEATURES:

- 300 lb (136 kg) weight capacity
- Durable UV and chemical resistant HDPE plastic arm rests
- Adjustable height – 34-inches (86 cm) to 48-inches (122 cm)
- One year limited structural warranty
- Ships small parcel carrier, some assembly is required
- Made in the USA

BEACH ACCESS CHAIR

ABOUT:

Don't get stuck using your regular wheelchair on soft soil or sandy surfaces; the large surface area of the Beach Access Chairs' tires spread the weight of the product and user over a larger area allowing the chair to navigate softer soil and sandy surfaces. A comfortable 22-inch wide padded cushion and an umbrella make this chair a comfortable option for anyone. The Beach Access Chair gives you the freedom to enjoy the beach again without the struggle to navigate.

FEATURES:

- 300 lb (136 kg) weight capacity
- 4 large 19-inch (49 cm) Wheeleez™ all terrain tires
- 22-inch (56 cm) wide cushioned seat
- 5-foot diameter umbrella (color may vary)
- Rear mesh storage bag
- One year limited structural warranty
- Ships common carrier, some assembly is required
- Made in the USA

ACCENT COLORS:

- These are only available in white PVC

OPTIONS/ACCESSORIES:

- Available with 2 smaller 11.8-inches (30 cm) rear articulated wheels to help with steering

THE BUBBA II REPAIR TOOL

ABOUT:

Eliminate multiple service calls and frustrated customers by repairing your customer's multi-port valve in one visit! No need to leave the job site and wait for a new valve to come in, simply use the Bubba II to compress almost any brand of multi-port valve and easily replace the seal and spider gasket in seconds. Simply adjust the tools base up or down depending on your valve size and with no more effort than using your forefinger and thumb, compress the valve and replace the seals. It really is that easy.

FEATURES:

- Stainless steel construction
- Durable black powder coat finish
- Adjustable base height to accommodate most multi-port valve brands
- Easily compress multi-port valves using just your forefinger and thumb
- One year limited structural warranty
- Ships small parcel carrier fully assembled
- Made in the USA

ACCENT COLORS:

- Available in black only
