

SMC NFPA Rigging Plate Hardware | Anchorage Connectors

Half the size of the bigger plates on the market, yet just as strong and with oversized holes to accommodate more gear. Contoured edges are easy on ropes, webbing and carabiners. Each oval hole will easily accept 2 large carabiners while a large center hole accepts numerous connections.

Key Features

- Anodized aluminum
- Holes are numbered for quick identification
- For ropes 9.5-16 mm
