

SMC PRO-TECH EDGE PROTECTION Rope | Rope Care

SMC's new Pro-Tech Rope Protection System was created to be the ultimate solution to challenging rope protection scenarios. Pro-Tech can handle up to three moving or fixed ropes with captive pins that keep the ropes from "jumping the tracks." The engineering-grade plastic was rigorously tested for durability and a low coefficient of friction to ensure that your ropes will be resolutely protected from damage while still sliding cleanly over obstacles. The "tractor tread" design articulates to match virtually any terrain feature and the modular system is infinitely reconfigurable giving you unsurpassed flexibility and peace of mind when rigging. Pro-Tech is available in 23.4" lengths or you can purchase by the link & build your own.

Key Features

- Material SCE Plastic / Stainless Steel Pins

Additional Information

Shipping weight | N/A

Color | Blue, Yellow

Weight | 1 lbs 11 oz (755 g)

Length | 23.40" (59.5 cm)
