914831	Optional Carrying Case	37"L x 29"W x 8"H	Ea.

Optional Nylon Carrying Case

Warning: Use on floor only. DO NOT leave unsupervised orientation of wedge.

Purpose

The Portable Cozy Napper is not sold as a substitute for a crib and is primarily intended for infants until they crawl. It can also be used as a play area after the crawling period but not intended to confine the child. Since it is portable it is easily carried to the area where the parent is working and provides a very comfortable area for “Tummy Time”, sleeping or for the awake infant when they are engaged in other activities.

Easy to Use

The non-slip bottom prevents the “Cozy Napper” from sliding and the covers are easily removed for laundering. The soft micro-fiber fabric has a pleasant feel and the resilient foam base provides a very comfortable play/sleeping surface. With the optional nylon carry case, the unit can be stored under most beds. The optional pillow has been designed to provide an optimum slope for the infant to sleep or to rest on

Caution: Do not leave the infant unattended even though they may not be capable of climbing over the sides. Check frequently to assure that the child is breathing and resting safely.

Easy Care

The “Cozy Napper” covers may be washed and dried at temperatures that do not exceed 180°F(82°C). Do not launder the foam and do not use chlorine bleach.
